

**Campus Highlands Homeowners Association
Basketball Hoop Guidelines**

3/15/1999

The Basketball hoops referendum passed (101 yea to 41 nay). In order to keep our neighborhood looking its best (and our ball players at their best), please observe the following guidelines:

1. Portable hoops should be kept on the homeowners property, near the garage, if possible
2. Portable hoops (pole, hoop, net, backboard, etc.) are to be maintained in good condition.
3. To keep the peace with your neighbors, please refrain from playing before 8:00AM and after 9:00PM (or before dawn and dusk in the fall and winter).
4. For safety's sake, avoid placing the basketball hoop in a location where it may impede traffic or endanger children or pedestrians.
